- Managed database integrity through systematic data entry and backend administration.
- Coordinated professionally with technical teams within a governmental environment.

EDUCATION

Software Engineering (Rekayasa Perangkat Lunak)

Aug 2023 - May 2026

What I Learned at SMK Negeri 6 Jakarta – Software Engineering Major:

Studied programming (C++, C#), web development (HTML, CSS, PHP, MySQL), and basic game development using Unity. Learned database design, UI/UX principles, and software development processes. Gained hands-on experience through real projects and teamwork.

ADDITIONAL INFORMATION
